林毅

基本資訊

姓名：林毅

工作經歷

1965.09-1971.01　　桂林市中醫院 醫師

1971.01-1979.01　　陝西臨潼 47 軍 84862 部隊醫院 醫師/主治醫師

1979.01-1984.06　　桂林市中醫院 主治醫師/副主任醫師

1984.07-1997.06　　桂林市中醫院/主任醫師/院長

1997.07 至今　　廣東省中醫院主任醫師/學科創始人、學術帶頭人/主任導師

臨床經歷

林毅是中醫乳腺病學科的開拓者。（1）建立了全國首個中醫乳腺病專科。1984 年在桂林市中醫院成立了中國第一家中醫乳腺病專科，1995 年獲國家中醫藥管理局批准成為全國唯一一家“全國中醫乳腺病醫療中心”。使桂林市中醫院擁有一個獨立的乳腺病治療院區，並譽滿全國。**（2）帶出了兩個國家級的乳腺病重點專科，培養和造就了一支國家中醫藥乳腺病治療的主力軍。**1997 年獲國家中醫藥管理局、廣東省衛生廳、廣西壯族自治區衛生廳批准，林毅挑起兩廣中醫乳腺學科帶頭人的重擔。多年來林毅引領著中醫乳腺學科的發展和方向，在其帶領下廣東省中醫院乳腺病科發展成為國家中醫藥管理局重點專科，是全國中醫系統規模最大的中醫乳腺病中心和中西醫結合乳腺病中心，確立了在全國中醫乳腺病行業的領頭羊地位。桂林市中醫院乳腺病科成為國家衛計委重點專科，並於 2018 年通過歐洲 EUSOMA 乳腺中心認證，成為亞洲首家通過 EUSOMA 認證的乳腺病中心。林毅提出“識病為本，辨證為用，病證結合，標本兼治”作為中醫臨床

指導思想，確立“從六鬱治乳”的乳腺病總的學術思想。總結創新了許多中西醫結合防治乳腺病的新理論、新方法、新技術，具有鮮明的學術特點和重要的學術地位。 同時也帶出了兩支優秀乳腺病研究和臨床團隊。**（3）將乳腺病從外科專業中獨立出來，成立了國家級的二級學會。**早在 1997 年，林毅就擔任了“全國中醫乳腺病醫療中心網路協作委員會”主任委員；從 2000 年起一直擔任“中華全國中醫外科學會乳腺病專業委員會”主任委員；2009 年她創建成立了“中華中醫藥學會乳腺病防治協作工作委員會”並任主任委員，2016 年 3 月晉級成立“中華中醫藥學會乳腺病分會”，擔任名譽主任委員。

林毅是中醫乳腺病疑難複雜問題的攻克者。林毅淋漓盡致的發揮中醫藥優勢，取得非一般的臨床療效，確立中醫藥在乳腺病治療領域的優勢地位。緊緊抓住現代醫學的難點與盲區，積極探索中醫治療方案：（1）攻克肉芽腫性小葉性乳腺炎治療的難題。（2）為雌孕激素受體陰性乳腺癌患者尋覓生機。（3）改善了化療患者骨髓抑制的困境。成為中醫乳腺病疑難複雜問題的攻克者。

林毅是現代中醫乳腺病理論的創新者 。（1）創立中醫乳腺癌辨證論治理論體系。提出“乳腺癌分期辨治”，“平衡內環境預防乳腺癌發生、復發及轉移”、“激素受體陰性重在健脾，激素受體陽性重在補腎”等一系列重要學術觀點，運用“子午流注納支法”理論結合“健脾補腎生髓法”防治乳腺癌化療骨髓抑制症，確立了中醫治療乳腺惡性腫瘤的階段優勢。牽頭制訂全國《乳腺癌中醫分期辯證內治專家共識》，成為行業標準。2017 年“乳岩/乳腺癌圍手術期”入選中華中醫藥學會優勢病種項目。**（2）創立系統的“乳腺增生病中醫藥週期療法”。**牽頭制定“乳腺增生病診斷與療效判定行業標準”，確立了中醫藥治療全程優勢。**（3）創新乳腺炎系列治療方案。**提出“揉抓排乳法”治療乳汁鬱滯，“火針洞式烙口”治療乳腺膿腫，“平衡臟腑、提膿祛腐”中醫綜合療法治療肉芽腫性乳腺炎，中藥介入治療導管炎性溢液等中醫藥治療方案，具有明顯優勢。“揉抓排乳法”和“火針洞式烙口引流術”於 2012 年納入國家中醫藥管理局中醫醫療適宜推廣技術。受中華醫學會乳腺病分會委託牽頭組織全國中醫專家舉行《肉芽腫性小葉性乳腺炎中醫專家診療共識》。2017 年“不乳兒乳癰/慢性肉芽腫性乳腺炎（GLM）”入選中華中醫藥學會優勢病種項目。**（4）構建完善的乳腺病“治未病”體系**，主張道術結合，防治並重，身心同治。率先將情志療法、運動療法、

五音療法、團體治療等引入乳腺病防治體系中，形成完善的治未病方案。編創《女性養生導引功》和“乳房保健八法”，後者入選國家體育總局健身氣功運動處方在全國推行。（5）研發純中藥專科製劑 15 種。獲國家知識產權局發明專利 1 項，實用新型發明專利 3 項。其發明的中藥創新藥“消癖顆粒（商品名：金蓉顆粒）”於 2018 年 12 月獲批上市，是國家實施藥品上市許可持有人制度以來，第一個由研發機構作為持有人並獲得新藥證書、生產批號、實現產業化的中藥新藥。

代表性教學經歷

1. 經國家衛生部、人事部及國家中醫藥管理局審核批准，1997 年被授予為全國第二批老中醫藥專家學術經驗繼承指導老師。共培養 5 名學術繼承人，1 名國家級學會主委，多名國家級學會副主委，6 名省市級乳腺病學科帶頭人。
2. 獲國家中醫藥管理局批准，負責承擔舉辦“臺灣中醫師臨床進修培訓班”的重任。1988 年 12 月至 2000 年 9 月間共計舉辦 35 期，535 名臺灣學員參加培訓，促進祖國醫學的傳播，惠澤兩岸，增進了兩岸人民的深厚感情。1997 年至今作為中醫乳腺病學術帶頭人共主辦 16 屆“全國中醫與中西醫結合乳房病學術研討會”。多次舉辦全國中醫與中西醫結合乳腺疾病先進診療技術培訓班共十餘期，每期招收來自全國各地的學員。主辦國家級、省級繼續教育專案“林毅學術思想與經驗傳承學習班”共六屆，吸引了全國各地乳腺病中西醫同行前來學習。培養了不同層次的中醫與中西醫乳腺病專業人才。

主要獲獎與榮譽：

1. 1986 年榮獲中華人民共和國衛生部授予“全國衛生文明先進工作者”稱號
2. 1993 年獲中華人民共和國國務院發放“政府特殊津貼”待遇
3. 1995 年榮獲中華人民共和國衛生部、國家中醫藥管理局、中華人民共和國人事部授予“全國衛生系統先進工作者”稱號
4. 1997 年、2008 年被中華人民共和國人事部、衛生部、國家中醫藥管理局確定為“第二批、第四批全國老中醫藥專家學術經驗繼承指導老師”

5. 1996 年《火針洞式烙口引流治療乳腺膿腫》科研成果獲廣西科技進步三等獎
6. 2005 年“一種治療乳腺增生病的中藥組合物及其製備方法”獲中華人民共和國國家知識產權局新藥發明專利
7. 2010 年主編的《現代中醫乳腺病學》獲中華中醫藥學會學術著作二等獎
8. 2012 年榮獲廣西壯族自治區衛生廳、廣西壯族自治區人力資源和社會保障廳授予“桂派中醫大師”稱號
9. 2016 年榮獲中華中醫藥學會頒發“中醫乳腺病學術發展傑出貢獻獎”
10. 2016 年榮獲中國中醫科學院授予“大醫精誠醫德醫風先進個人”稱號
11. 2016 年榮獲中華中醫藥學會乳腺病分會頒發“中醫乳腺病學終身成就獎”
12. 2017 年榮獲人力資源社會保障部、國家衛生和計劃生育委員會、國家中醫藥管理局“全國名中醫”稱號
13. 2017 年榮獲中華中醫藥學會科學技術進步二等獎
14. 2019 年作為第一完成人主持研究項目獲廣東省優秀科技成果
15. 2019 年作為第一完成人主持研究項目獲教育部高等學校科學研究優秀成果科技進步二等獎
16. 2020 年作為第一完成人主持研究項目獲廣東省科技進步二等獎
17. 2020 年獲中華中醫藥學會李時珍醫藥創新獎

學會任職：

1. 1989 年-2000 年　中華全國中醫外科學會乳腺病專業委員會副主任委員
2. 2000 年-2016 年　中華全國中醫外科學會乳腺病專業委員會主任委員（2008 年更名為“中華中醫藥學會乳腺病防治工作委員會”）
3. 2016 年至今　中華中醫藥學會乳腺病分會名譽主任委員
4. 2017 年至今　世界中醫藥聯合會乳腺病專業委員會顧問
5. 2015 年至今　廣東省中醫藥學會乳腺病專業委員會顧問
6. 2017 年至今　廣東省保健協會乳腺分會顧問
7. 2017 年至今　廣東省中醫藥學會乳腺病健康管理委員會顧問
8. 2005 年至今　廣東省中醫藥學會外科專業委員會顧問

Lin Yi

Basic Information

Name: Lin Yi

Work experience

1965.09-1971.01	Guilin Hospital of Chinese Medicine
1971.01-1979.01	Shanxi Lintong 47 Army 84862 Military Hospital Physician/Attending Physician
1979.01-1984.06	Guilin Hospital of Chinese Medicine Attending Physician/ Associate Chief Physician
1984.07-1997.06	Guilin Hospital of Chinese Medicine Chief Physician / President
1997.07-Present	Guangdong Provincial Hospital of Traditional Chinese Discipline leader/Director of tutor

Clinical experience

Professor LIN Yi is the pioneer in the discipline of breast disease. **(1) Established the first Chinese Medicine Specialist Centre in breast disease.** In 1984, Lin Yi established the first Chinese Medicine Specialist Centre of Mammary Gland Disease in Guilin Hospital of Chinese Medicine. In 1995, the Specialist Centre was approved by the State Administration of Traditional Chinese Medicine as the only “National Breast Disease Medical Center of Chinese Medicine”. Thus, Guilin Hospital of Chinese Medicine has an independent breast disease treatment centre and is well-known throughout the country. **(2) Brought out two national-level key specialists for breast disease, and cultivated a national team of Chinese medicine for breast disease treatment.** In 1997, it was approved by the State Administration of Traditional Chinese Medicine, the Health Department of Guangdong Province, and the Health Department of Guangxi Zhuang Autonomous Region, that Professor Lin became the leader of both the Chinese Medicine breast diseases specialty of Guangdong and Guangxi provinces. Over the years, Professor Lin had led the development and direction of Chinese

Medicine treatment of breast diseases and related research. Under her leadership, the Department of Breast Diseases of Guangdong Provincial Hospital of Traditional Chinese Medicine has developed into a key specialty of the State Administration of Traditional Chinese Medicine. It is the largest Chinese Medicine breast disease treatment centre in the field. The Breast Disease Centre has established itself as a leader in the Chinese medicine industry. The Department of Breast Diseases of Guilin Traditional Chinese Medicine Hospital has become the key specialist of the National Health and Family Planning Committee. In 2018, it became the first breast disease treatment centre in Asia to pass the EUSOMA certification. Professor Lin presented "The disease-based, syndrome differentiation, combination of disease and syndrome, and treating both manifestation and root cause of disease" as the clinical guiding concept of TCM, and established the general academic thought of "from the six depressions to cure breast disease". The concept has summed up and continues to innovate many new theories, methods and technologies concerning the prevention and treatment of breast diseases with Integrated Chinese and Western Medicine. The concept has distinct academic characteristics and important academic status. It also gave rise to two excellent breast disease research and clinical teams. **(3) Separated breast disease from within the surgical specialty, and established a national second-class academic society.** As early as 1997, Professor Lin served as the president of the "National Chinese Medicine Breast Disease Medical Center Network Collaboration Committee". In 1999, she was elected as the chairman of the "Chinese Association of Traditional Chinese Medicine Surgery Branch Breast Disease Professional Committee". Then she founded the "China Association of Traditional Chinese Medicine Breast Disease Prevention and Coordination Working Committee" and served as the Chairman in 2009. In 2016, she established the "Chinese Society of Traditional Chinese Medicine Breast Disease Branch" and served as Honorary Chairman.

Professor Lin focused on tackling clinical complications in the treatment of breast diseases through Integrative Chinese and Western Medicine. (1) Overcoming the problem of treatment of granulomatous lobular mastitis. (2) the search for vitality in patients with estrogen and progesterone receptor-negative breast cancer. (3) improve the predicament of bone marrow suppression in chemotherapy patients.

Professor Lin coined the theory of modern Chinese Medicine breast disease. (1) Establishing a theoretical system for syndrome differentiation and treatment

of breast cancer in Chinese medicine. She put forward a series of important academic viewpoints such as “differentiation and treatment of each breast cancer stage”, “balanced internal environment to prevent breast cancer, “hormone receptor negative targets in spleen, and hormone receptor positive targets in kidney”. The theory of meridian flow injection method combined with "spleen and kidney-reinforcing method" to prevent and treat breast cancer, and established the stage advantage of traditional Chinese Medicine in the treatment of breast malignant tumor. Leading the formulation of the National Consensus Expertise on Dialectical Internal Medicine for Breast Cancer TCM to an industry standard. In 2017, “the Perioperative Period of Breast Cancer” was selected into the dominant disease project of the Chinese Medicine. **(2) Establishment of "The Cycle therapy of Breast Disease in Chinese Medicine "**, which becomes the industry standards for the diagnosis and treatment of breast hyperplasia". **(3) Developed series treatment plan of mastitis.** Put forward all the practices and theories such as the "Sucking Milk Excretion Method" for the treatment of milk stasis, "Fire Needle for the Treatment of Breast Abscess, "Balanced Viscera, Purulent Phlegm and Rot". Both of which had been included in the TCM Medical Appropriate Promotion Technology of the State Administration of Traditional Chinese Medicine. Entrusted by the Chinese Medical Association's Breast Disease Branch in 2012, Professor Lin led the national TCM experts to hold the "Consensus of Traditional Chinese Medicine Experts in the Treatment of Granulomatous Lobular Mastitis". In 2017, the series treatments were selected as the dominant disease project of the Chinese Medicine Society. **(4) Building up of an improved system for treating breast disease**. Professor Lin advocated equal emphasis on prevention and treatment of diseases. She published a "Guide to Women's Health" (女性養生導引功) and "Eight Breast Health Care Guide"（乳房保健八法）, the latter was selected into the Health Qigong exercise prescription of the State General Administration of Sports to be promoted nationwide, where she was the first to propose an introduction of emotional therapy into breast disease prevention and control system to form a complete treatment plan. **(5) Developed 15 kinds of Chinese Medicine specialist prescriptions.** One of her patents awarded by the State Intellectual Property Office includes her innovative Chinese Medicine “Xianpi Granules (Trade name: Jinrong Granule)” was approved for listing in December 2018. Which is also the first Chinese medicine new drug that has been approved by the R&D institution.

Representative Teaching Experience

1. It was approved by the National Ministry of Health, the National Ministry of Personnel and the State Administration of Traditional Chinese Medicine, in 1997, that Professor Lin was appointed the second batch of instructors for the transmission of academic experience from the famous veteran doctors of Traditional Chinese Medicine. As a tutor, Professor Lin raised a total of 5 academic heirs, 1 Chairman of national association, a number of national-level association deputy committee members, and 6 provincial and municipal breast disease subject leaders.

2. Professor Lin was appointed by the State Administration of Traditional Chinese Medicine to host the “Taiwan Chinese Physician Clinical Training Course”. Between December 1988 and September 2000, a total of 35 sessions were held. 535 Taiwanese students participated in the training. The course promoted the spread of Chinese Medicine in the two sides of the strait, which enhanced the deep feelings of the people. Since 1997, Professor Lin has held 164 National Symposiums on Traditional Chinese Medicine and Integrated Medicine for Breast Diseases as the academic leader. Every two years, the training courses will be held on the advanced diagnosis and treatment technology for breast diseases in Chinese and Western Medicine, which recruited students from all over the country. Apart from that, Professor Lin had hosted a national-level continuing education project "Lin Yi Academic Thoughts and Experience Inheritance Class" for six sessions, attracting Chinese and Western Medicine Practitioners.

Representative Honors and Awards:

1. In 1986, Professor Lin was awarded the title of “National Health and Civilization Advanced Worker” by the Ministry of Health of the People's Republic of China.
2. In 1993, the State Council of the People's Republic of China issued a "government special allowance" treatment to Professor Lin.
3. In 1995, the Ministry of Health of the People's Republic of China, the State Administration of Traditional Chinese Medicine, and the Ministry of Personnel of the People's Republic of China awarded Professor Lin the title of "National Health System Advanced Workers"
4. In 1997 and 2008, it was identified by the Ministry of Personnel of the People's Republic of China, the Ministry of Health, and the State Administration of Traditional Chinese Medicine as “the second batch of the fourth batch of national traditional Chinese medicine experts to inherit the academic experience.”
5. In 1996, the research results of "Fire Needle Cave Drainage Treatment for Breast Abscess" won the third prize of Guangxi Science and Technology Progress Award.

6. In 2005, “a traditional Chinese medicine composition for treating mammary gland hyperplasia and its preparation method” was awarded a new patent for invention by the State Intellectual Property Office of the People's Republic of China.
7. The Modern Chinese Medicine Breast Diseases” (現代中醫乳腺病學), published by Professor Lin in 2010 won the second prize of the Academic Works of the Chinese Medicine Association.
8. In 2012, Professor Lin was awarded the title of "Guipa Chinese Medicine Master" by the Health Department of Guangxi Zhuang Autonomous Region and the Department of Human Resources and Social Security of Guangxi Zhuang Autonomous Region.
9. In 2016, Professor Lin was awarded the “Outstanding Contribution Award for Academic Development of Chinese Breast Diseases” by the Chinese Society of Traditional Chinese Medicine.
10. In 2016, Professor Lin was awarded the title of “Advanced Individual of Medicine, Medicine, Medicine and Medicine” by China Academy of Chinese Medical Sciences.
11. In 2016, Professor Lin was awarded the “Traditional Achievement Award for Chinese Mammary Diseases” by the Breast Disease Branch of the Chinese Medicine Association.
12. In 2017, Professor Lin was awarded the title of “National Famous Chinese Medicine” by the Ministry of Human Resources and Social Security, the National Health and Family Planning Commission, and the State Administration of Traditional Chinese Medicine.
13. In 2017, Professor Lin won the second prize of Science and Technology Progress of China Association of Chinese Medicine
14. In 2019, the outstanding scientific and technological achievements of Guangdong Province as the leader of the research project.
15. In 2019, Professor Lin was awarded the second prize of scientific and technological progress for outstanding achievements in scientific research of higher education institutions of the Ministry of Education, as the leader of the research project.
16. In 2020, Professor Lin was awarded the second prize of Guangdong Science and Technology Progress Award, as the leader of the research project.
17. In 2020, won the Li Shizhen Medical Innovation Award from the China Association of Chinese Medicine.

Service and Appointment in Academic Societies

1. 1989-2000 Deputy Director of the Breast Disease Professional Committee of the Surgical Branch of the Chinese Society of Chinese Medicine

2. 2000-2016 Chairman of the Breast Disease Professional Committee of the Surgical Branch of the Chinese Traditional Medicine Association (Renamed "Chinese Committee of TCM Breast Disease Prevention and Control Committee" in 2008)
3. 2016, to present Honorary Chairman of the Chinese Society of Traditional Chinese Medicine Breast Disease Branch
4. 2017, to present Consultant of the Breast Diseases Professional Committee of the World Federation of Chinese Medicine
5. 2015, to present Consultant of the Breast Disease Professional Committee of the Guangdong Provincial Traditional Chinese Medicine Association
6. 2017, to present Consultant of the Breast Branch of Guangdong Health Care Association
7. 2017, to present Consultant of the Breast Disease Health Management Committee of Guangdong Provincial Traditional Chinese Medicine Association
8. 2005, to present Consultant of the Surgical Committee of Guangdong Traditional Chinese Medicine Association

Representative patents, monographs and papers

Patent

1. Lin Yi: “A traditional Chinese medicine composition for treating hyperplasia of mammary glands and its preparation method” obtained the invention patent of the State Intellectual Property Office.” [CN, CN 1868530 B[P]. 2010.]
2. Lin Yi: “A cleaning tool”. [ZL202021430680.8]
3. Lin Yi: “A medical abscess debridement device”. [ZL202021434857.1]
4. Lin Yi: “A kind of medical curette”. [Post No. 2021101000465940]
